

Registration Assistance

Do you need assistance filling out your online government registrations?

PTAC clients who are looking for assistance completing their Central Contractor Registration (CCR), SBA's Small Business Dynamic Search, the State of Michigan Vendor Registration, or any other on-line registration are invited to attend this workshop!

Counselors will be available to help clients understand and complete the steps for online registrations. In addition, clients will have the opportunity to complete their registrations using our computer lab.

What is CCR?

Both current and potential government vendors are required to register in CCR in order to be awarded contracts by the government. Vendors are required to complete the registration to provide basic information relevant to procurement and financial transactions. Vendors must update or renew their registration annually to maintain an active status. Registration information may be obtained at the following web site: www.ccr.gov/

Dynamic Small Business Search

If you are a small business and register in CCR your company information will automatically populate the SBA Small Business database. The database is a search engine for contracting officers, a marketing tool for small firms and a "link" to procurement opportunities and important information.

State of Michigan Contract & Payment Express

Companies interested in doing business with the State of Michigan or receiving payment from the state are required to register at [Contract & Payment Express](#).¹
